

AMENDMENTS TO THE CLAIMS

1-10 (Cancelled)

11. (Original) A lock member for mounting a container roll-in/out platform to a pallet, said lock member including:

a housing including a top wall, a front wall and a rear wall;

a shaft having a first end and a second end, said first end of said shaft attached to said top wall of said housing;

a head attached to said second end of said shaft; and

a block extending around said shaft between said top wall of said housing and said head, said block adapted to be rotatable about said shaft with respect to said housing and said head.

12. (Original) The lock member of claim 11 wherein said housing includes a bottom wall and an inclined wall extending between said front wall of said housing and said bottom wall.

13. (Original) The lock member of claim 11 including a bore extending through said housing from said front wall to said rear wall.

14. (Original) The lock member of claim 11 wherein said head includes a first wing member and a second wing member extending outwardly from said shaft.
